

ANNUAL REPORT 2019

THE RIDGES SANCTUARY

Research ... Education ... Preservation

The mission of The Ridges Sanctuary is to protect the Sanctuary and inspire stewardship of natural areas through programs of education, outreach and research.

2019 Highlights - Annual Report

2019*

Board of Directors

President - Tony Fiorato
Vice-President - Maury Sullivan
Secretary - Sandy Miller
Treasurer - Rob Davis

Directors

Nature Store Coordinator
Sara Semling

Development Assistant
Lauri Smith

Environmental Interpreter
Anna Foster

Front Desk
Sara Hubner, Shannon Connell &
Cecily Gray

Staff Accountant
Sally Hunter

*As of August 2019

Forest Days

Through a partnership with Friends of Gibraltar (FOG), a non-profit that provides students with unique educational opportunities by working collaboratively with Gibraltar Schools and the community, The Ridges began working with students in 2018 in our Forest Days program. What began as a monthly interaction with student K - 2nd grade, has grown into programming for K - 8th grade, 2 times a week. The staff work directly with the teachers to provide experiences in the back yard (Peninsula State Park) of the school. Students learned about orienteering, insects, animals, seasons, and even how to just sit and listen to nature.

Ridges Youth Education

Youth environmental education also grew at The Ridges. Utilizing the Cook-Albert Fuller Nature Center and appropriate areas of the Sanctuary, the Tiny Trekkers and Dragon Fly Nature Play programs worked with children from walking age up through 4 years old. These nature-based programs were at near capacity in 2019. We also continued our partnerships with Peninsula Preschool and Northern Door Children's Center throughout the year.

Adult Education

Adult Education at The Ridges continued to have an impact throughout 2019, specifically through the Festival of Nature and fall "Curious Citizen" series. The Curious Citizen series focused on 6 different topics including mushrooms, insects, and conifers. In September, The Ridges hosted a Native Plant Symposium led by presenter Neil Diboll of Prairie Nursery. During this single-day symposium, nearly 40 participants learned about how to plant and care for native plants in their own backyards. The symposium took place both in the classroom and around the county for in-the-field experiences.

Baileys Harbor Range Lights

On June 7th, 2019, we celebrated the Baileys Harbor Range Lights Sesquicentennial. It was a beautiful day that had representatives from the US Coast Guard, local and state government, past Keepers families, and over 250 passionate Range Light supporters, volunteers, and docents. We also officially closed the "Restore The Range Light Campaign" on September 30, 2019, successfully raising over \$305,000 since the campaign began in 2016 to repair and restore the Range Lights. We anticipate the full renovation of the Upper Range Light and surrounding landscape to be completed by the end of 2020.

Research

The Orchid Restoration Project continued into its 7th year in 2019. Priorities this year included long-term plot monitoring for the Ram's Head Lady's Slipper, orchid germination, inventories of orchid populations across the entire Sanctuary, and Identification of mycorrhizal fungi associates. In the summer of 2019, because of a generous grant from the San Diego County Orchid Society, The Ridges purchased and deployed six automatic environmental data loggers to track soil moisture, soil temperature and sunlight in six of the Ram's Head experimental monitoring plots. With these data, we can determine the best growing conditions for the Ram's Head Lady's Slipper and identify areas within the Sanctuary for assisted repopulation.

Land Preservation

A grant was awarded to install brand-new interpretive panels at our Logan Creek property. These 12 panels will help educate all who walk the trail system about the ecological and cultural significance of this property. In addition, there was a new entrance kiosk at the parking lot and a sign added to the entrance along Loritz Road.

Maintaining and protecting this pristine corridor is essential to the health of Logan Creek and Clark Lake and everything living in and near it. This incredibly diverse area, which includes multiple species of state significance, is under threat from residential development, agricultural runoff and invasive species. Protecting this corridor will help maintain a healthy ecosystem that benefits both humans and the natural world.

THE RIDGES SANCTUARY

The Albert Fuller Society

One of the first to recognize the unparalleled natural assets of the land, now managed by The Ridges Sanctuary, was renowned botanist Albert Fuller. His tireless efforts on behalf of those assets resulted in the founding of The Ridges in 1937 and, subsequently, in many other important conversation initiatives. The Albert Fuller Society recognizes donors who have made a lasting contribution to environmental preservation by including the Sanctuary in their estate planning.

If you have named The Ridges in your will or trust or plan to do so, please let us know so that we may welcome you into the Albert Fuller Society and recognize this profound contribution to the future of the Sanctuary and your dedication to preserving and protecting its environmental diversity.

THE RIDGES SANCTUARY

Donations to Orchids

The Orchid Restoration Project began in 2013 and is the largest research initiative in the history of The Ridges. Our ultimate goal is to coordinate research initiatives to create a native orchid recovery plan for The Ridges, Door County and the Door Peninsula.

THE RIDGES SANCTUARY

Members

The Ridges Sanctuary is built on the strengths and contributions of its members. Together we support Wisconsin's first land trust and protect the state's most biologically diverse ecosystem for future generations.

Anonymous (53)	Mark Bernstein	Cristy & Frank Christensen	Wallace & Peggy Douma	Russ & Linda Forbess
